

# AUTOCAD LEVEL II

For students comfortable with the basics of creating an AutoCAD® drawing, as taught in AutoCAD 2006 Level 1. This course focuses on: using efficiency tools including grips and tool palettes, drawing with complex objects including polylines, regions and advanced text objects, defining blocks and attributes, using external reference files and image files, using layouts and advanced plotting features, creating sheet sets, and enhancing productivity with simple customization of AutoCAD.

**Course Title:** AutoCAD Level II

**Fees:** \$1095
